Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Applicant submitted and discussed a proposed amendment which further clarified that a new email address would be issued to each user and used exclusively for processing purchase transactions with the account issuer. The Examiner tentatively agreed pending further review of the reference that the "alias email address" used in Ray was not really an alias address, but rather the user's regular email address. The Examiner noted that further review of the references of record and another search would be conducted upon receipt of the official response to the last office action..
